ROOTS MATTER

Comments of a Bon Vivant:

Spring vibes. An inspirational wine, best enjoyed with friends that enjoy good conversation and delicious food. Try with Indian dishes, sushi, roasted chicken, and grilled veal chops.

Neil Ellis Groenekloof Sauvignon Blanc

Neil Ellis is considered to be one of the most influential pioneers of the modern-day South African wine industry. His vision, the pursuit of quality, extended out of the cellar and into the vineyards where varieties would excel and best express a particular style of wine reflective of their environment. Today, the experience and knowledge of the past are applied to modern techniques and technologies for a new generation of winemaking. The team at Neil Ellis Wines, which includes Neil's daughter and two sons in leading roles, believes in responsible environmental practices. They are committed to respecting the soil, cutting water use, recycling and reducing energy use and greenhouse emissions. They are a member of the IPW, a voluntary environmental sustainability program, and comply to their regulations.

VITICULTURE

The source of the fruit is a single vineyard site from the Jonkershoek Valley, Stellenbosch. Established trellised vineyards planted on Southwest facing slopes on well-drained decomposed granite soils from the Jonkershoek valley. These vineyards have access to supplementary irrigation.
