

DOMAINE PAPAGIANNAKOS SAVATIANO OLD VINES

Mesogaia, Attica. The blessed land of the famed Attica Vine. A land which is truly special, surrounded by the sea which protects and nurtures it. The fruit of this land is borne of soft winters and warm and benevolent summers. From a soil which has the most perfect ingredients. The ideal environment for the cultivation of vines. A historic region in proximity to the Temple of Artemis, the haunt of Dionysus, the patron saint of wine, where for centuries the ancient method of wine production has been maintained and the vine has been lovingly cared for. This is the site on which the Papagiannakos winery is situated.

VITICULTURE + VINIFICATION

The third generation of Papagiannakos family is the creator of a magnificent new winery, the first winery especially designed and built in Greece according to innovative bioclimatic standards, and which most clearly marks a new era. Native and foreign grape varieties coexist in this vineyard, by tradition Attica was also the home of retsina. The terroir is a combination of clay, sand and gravel which enables rainwater to drain well and the air to circulate in the soil. Papagiannakos winery is set among vines, the site on which the winery has been built is that of an old monastery and is located in the heart of the plain of the Attican Vineyards.

TASTING NOTES

Savatiano is one of Greece's most widely planted grape varieties and is mainly used in the production of Retsina. To show the full potential of the varietal, Papagiannakos harvests the grapes from vines that are 50 years old. The low yields result in a wine full of expression and surprising complexity. Bright gold and clear in colour, delicate bouquet, aroma of citrus. Medium acidity, long and pleasant finish.

PAIRING SUGGESTION

A fine accompaniment to Mediterranean dishes, seafood, fish, white meat. Great as an aperitif or to be enjoyed on the patio.
